Dear parents / carers,

Back To School 2024

Welcome back! I hope that you have had an enjoyable summer and could take advantage of the few sunny days that we had!

Everyone at school has been thrilled to see some friendly faces and to meet the new children that have started either in Reception class or across the rest of the school. From popping my head into the classes and chatting with teachers it is clear that all of our children have settled in very well.

We have a lot of exciting things lined up for all our children this academic year, building on the successes that we enjoyed in 2023 / 2024. From Sports and Science weeks to new school trips, performances and events, this is sure to be another fantastic year in school.

You may have noticed that the children do not have a Reading Diary this year. This is because we are rolling out an app called Boom Reader which can be used to track reads, leave comments etc. We hope that the features of this app will encourage children to read even more, whilst making life easier for both parents and providing teachers and teaching assistants more time with the children in their class. We will be sending more information about Boom Reader soon.

Please remember to like and follow our [Facebook](#) page for the day-to-day updates on what is happening around the school.

Finally, we are looking forward to our first full year as a member of the Synergy Schools federation. This partnership has already proven fruitful for our school and I am confident that it will continue to help our school go from strength to strength.

Yours sincerely,

Mr Johnson
Head Teacher
Hutton Rudby Primary School
