

Challenge 1: Number bonds to 10

How many ways can you make ten?

You could laminate the ladybird and draw the number of spots on each side or print the spots.

Number Bonds to 10

There are 11 ways to make 10.

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

Number Bonds to 10

$$\underline{\quad} + \underline{\quad} = 10$$

Challenge 2: Number bonds to 20

How many ways can you make twenty?

(there are twenty ways)

Look at the dinosaur eggs on the next slide.

Can you spot any patterns?

Look at the top numbers.

Look at the bottom numbers.

Fill in the rest of the number bonds on the blank eggs.

Hide them in your house or garden and match them up!
