

**Count in tens from any number, forwards and backwards**

- 1 There are **25** burning candles on the birthday cake. Mia blows **10** of the candles out. How many candles are left burning?

- 2 Declan is **6** years old. His sister is **10** years older. How old is his sister?

- 3 Sam has **25** marbles. On Tuesday, he buys **10** more. On Wednesday, he buys another **10**. How many marbles does he have now?

- 4 There are **29** children in the classroom. When the bell goes, **10** children go outside to play. 5 minutes later, another **10** children go out. How many children are left in the classroom?

- 5 Declan is counting forward in **tens**. He starts at **54**. What are the next **4** numbers he counts?
