22 < 24

 = 21

26 > 25

19 >

If you could use the numbers more than once, 22, 21 and 19 could go into the first box.

What other numbers could go in each box?

Accept any number less than 24.

Only 21.

Accept any number greater than 25.

Accept any number less than 21.

25 and 15 could go into the empty box. 32 could not as it is greater than 31. 12 could not as it is less than 14.

Other numbers that could go into the empty box include: 16, 17, 18, 19, 20, 21, 22, 23, 24, 26, 27, 28, 29 and 30.

Accept any correct representations, such as a part-whole model.
