

REMEMBRANCE DAY SERVICE 8TH NOVEMBER 2020 – COVID 19

Due to the many issues surrounding the impact of COVID19 Hambleton District Council have recommended that the Uniform Parade should not take place.

They have advised a brief service could be held at the War Memorial, but with as few attendees as possible, so it is with regret, that Residents are requested not to attend the Event.

The Service will be held at the War Memorial between 10.45 am and 11.15 and all attendees, including the Bugler, will need to comply with social distancing requirements and wear Masks.

RESIDENTS are advised that The War Memorial gates will be left open to allow those who may wish to lay a commemorative symbol, such as a poppy, during the day, once the main Group has left the site.

Alternatively, you may wish to promote something along the lines of the Clap for Carers. In other words, rather than attending the War Memorial, could we suggest that people stand outside their front doors to mark the two minutes silence, followed by clapping.

Thank you, to ALL Residents, for your understanding at this time. PLEASE STAY SAFE.
