

Homework/Extension

Step 14: Ordinal Numbers

National Curriculum Objectives:

Mathematics Year 1: (1N2c) [Read and write numbers from 1 to 20 in numerals and words](#)

Differentiation:

Questions 1, 4 and 7 (Varied Fluency)

Developing Recognise the order and identify which insect came in a given position. Includes ordinal numbers from 1 to 5. Numbers given as numerals only.

Expected Recognise the order and identify which insect came in a given position. Includes positional numbers from 1 to 10. Numbers given in words.

Greater Depth Recognise the order and identify which insect came in a given position. Includes identifying more than one ordinal number from 1-10 within a question. Numbers given as numerals and words.

Questions 2, 5 and 8 (Varied Fluency)

Developing Complete the statements and draw matching expressions on the faces. Number given as numerals only.

Expected Complete the statements and draw matching expressions on the faces. Numbers given as numerals with some use of words.

Greater Depth Complete the statements and draw matching expressions on the faces. Includes identifying more than one ordinal number from 1-10 within a question. Number given as numerals and words.

Questions 3, 6 and 9 (Reasoning and Problem Solving)

Developing Explore which number(s) could have been rolled. Includes ordinal numbers from 1 to 5. Numbers given as numerals only.

Expected Explore which number(s) could have been rolled. Numbers given as numerals with some use of words.

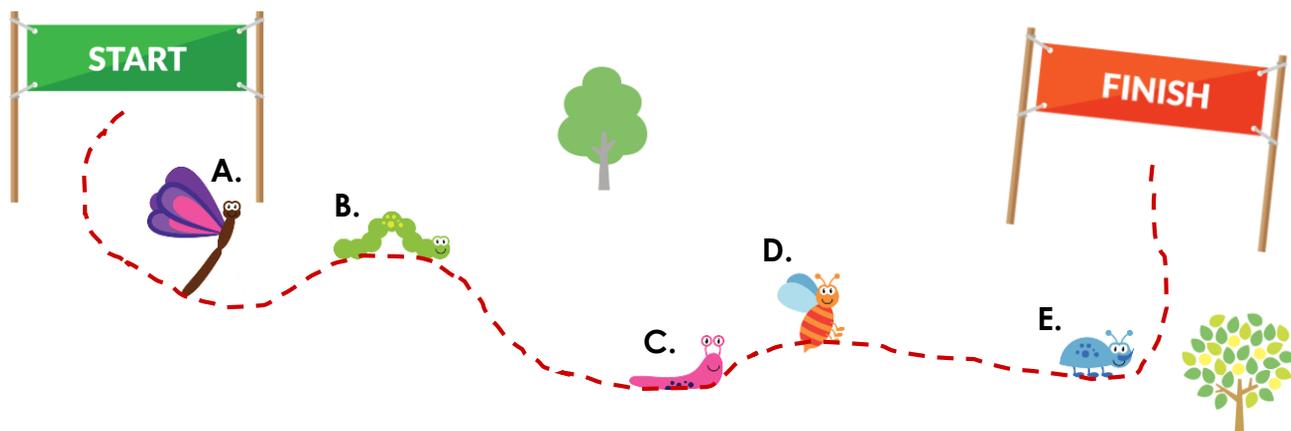

Greater Depth Explore which numbers could have been rolled. Includes identifying more than one ordinal number from 1-10 within a question. Numbers given as numerals and words.

Ordinal Numbers

1. The insects are having a race. They reach the finish line in this order.

Which insect came in 2nd place?

VF
HW/Ext

2. Complete the statements below. Draw feelings on the faces to match these clues.

- The 4th face is mad.
- The _____ face is sad.
- The 3rd face is _____.
- The 2nd face looks happy.

sad

mad

VF
HW/Ext

3. Ben has a pack of number cards from 1 to 5. He picks two cards from the pack.

4

He says,

The 1st number I picked was not the same as the 2nd number.

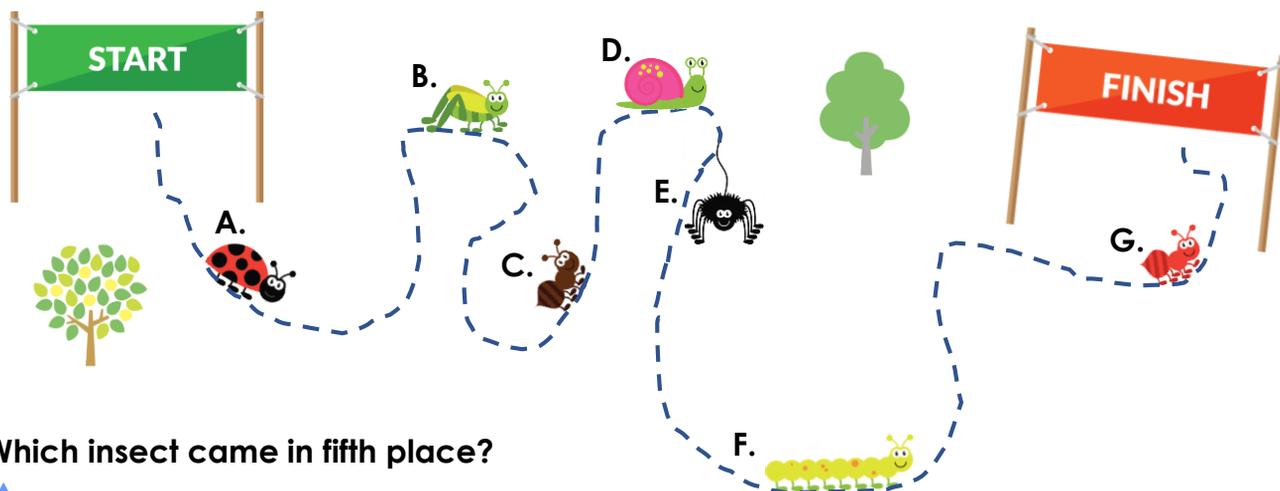

Explore which numbers Ben could have picked first.

RPS
HW/Ext

Ordinal Numbers

4. The insects are having a race. They reach the finish line in this order.

Which insect came in fifth place?

VF
HW/Ext

5. Complete the statements below. Draw feelings on the faces to match these clues.

- The 4th face is crying.
- The _____ face is shocked.
- The third face is sad .
- The 2nd face looks happy.
- The sixth face is angry.

shocked

sad

angry

VF
HW/Ext

6. Flo rolled a dice three times.

She says,

The second number I rolled was greater than 2 but smaller than the 1st number that I rolled.

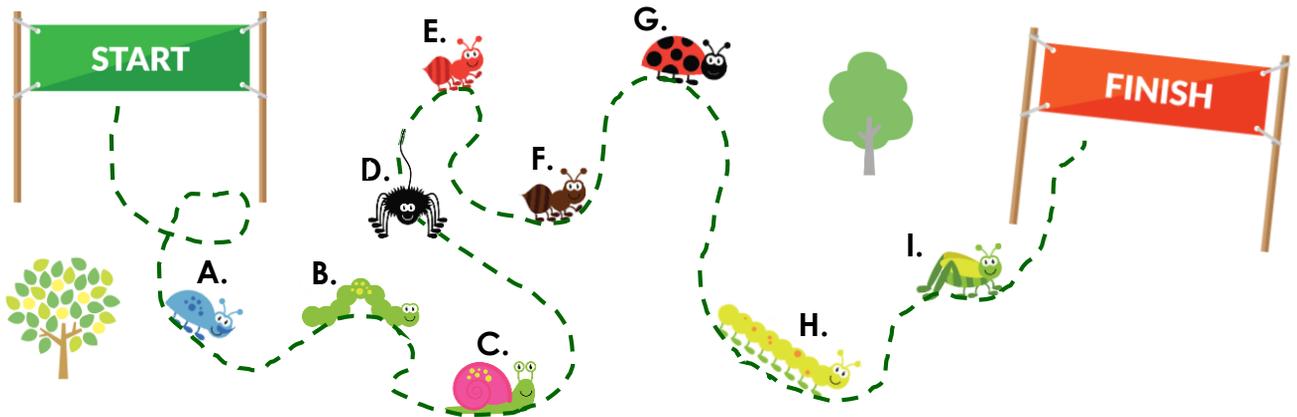

Explore which numbers Flo could have rolled.

RPS
HW/Ext

Ordinal Numbers

7. The insects are having a race. They reach the finish line in this order.

Which insects came in third and 8th place?

VF
HW/Ext

8. Complete the statements below. Draw feelings on the faces to match these clues.

The 7th face is worried.

The eighth face looks angry.

The _____ face is pleased. The 4th face looks _____.

The third face looks _____. The first face is tired.

The 2nd face looks happy. The 6th face looks cheeky.

VF
HW/Ext

9. Sid rolled a dice five times.

He says,

The first number I rolled was the smallest number I rolled.
My 4th number was greater than my 3rd roll but less than my second number.

Explore which numbers Sid could have rolled on his 1st and 4th rolls.

RPS
HW/Ext

Homework/Extension

Ordinal Numbers

Developing

1. Insect D (bee)
2. 1st face = sad, 2nd face = happy, 3rd face = crying or upset and 4th face = mad

3. Various answers, for example: Ben's first card could have been a 1, 2, 3 or 5.

Expected

4. Insect C (ant)
5. first/1st face = shocked, second/2nd face = happy, third/3rd face = sad, fourth/4th face = crying or upset and fifth/5th face = angry

6. Various answers, for example: Flo could have rolled 3, 4 or 5.

Greater Depth

7. Insect G (ladybird) and Insect B (caterpillar)
8. 1st face = tired, 2nd face = happy, 3rd face = angry, 4th face = shocked, 5th face = pleased, 6th face = cheeky, 7th face = worried and the 8th face = angry

9. Various answers, for example: Sid's 1st number could have been 1, 2, or 3. The 4th number that Sid rolled must have been 5.
