## One more, one less

Complete the sentences by finding one more.
a $\qquad$ is one more than 17.
b One more than $\qquad$ is 26 .
c $\qquad$ is one more than 34.
d One more than 48 is $\qquad$ .

Use the clues to identify the number.

- I have one ten.
- The ones number is one less than 5 .

What is the number?

Write your own clues to describe a number and ask a partner to solve it.

Circle all the numbers that are one more than an even number.

## $\begin{array}{lllll}25 & 38 & 18 & 49 & 32\end{array}$

## $\begin{array}{lllll}33 & 24 & 21 & 15 & 46\end{array}$

How do you know?

True or false? Explain your answer.

When you find one more than a given number, the only digit that changes is the ones digit.

Always, sometimes or never?

Complete the sentences.
$\qquad$ is one more than 18
which is one more than $\qquad$ ,
which is one more than $\qquad$ .

Complete the sentences to make them true.
$\qquad$ is one less than $\qquad$
which is one less than $\qquad$ ,
which is one less than $\qquad$ .

Spot and explain mistake.
a 20 is one more than 19 .
b 27 is one more than 28 .
c 25 is one more than 26 .

## One more, one less

Complete the sentences by finding one more.
a 18 is one more than 17 .
b One more than 25 is 26 .
c $\qquad$ is one more than 34.
d One more than 48 is $\qquad$ .

Use the clues to identify the number.

- I have one ten.
- The ones number is one less than 5 .

What is the number? 14
Write your own clues to describe a number and ask a partner to solve it.

Circle all the numbers that are one more than an even number.

How do you know? An odd number always comes after an even number.

True or false? Explain your answer.
False. One more than 24 is 25.
One less than 27 is 26 .

When you find one more than a given number, the only digit that changes is the ones digit.

Always, sometimes or never?

Sometimes. e.g. one more than 24 is 25 but one more than 19 is 20 where both digits have changed.

Complete the sentences.

19 is one more than 18
which is one more than $\qquad$ 17
which is one more than $\qquad$ .

Complete the sentences to make them true. Any suitable answer
$\qquad$ is one less than $\qquad$
which is one less than $\qquad$ ,
which is one less than $\qquad$ .

Spot and explain mistake.
a 20 is one more than 19 .
b 27 is one more than 28 .
c 25 is one more than 26 .

B is incorrect. 27 is one less than 28 (not one more).
